SUMMARY

Experienced Full Stack Developer with over 2 years of expertise in technologies such as **React.js**, **Redux**, **JavaScript**, **Node.js**, **Express.js**, **HTML**, **CSS**, and **MongoDB**. Proficient in collaborating with clients to understand requirements, delivering feature-rich solutions, and coordinating with teams to enhance development efficiency. Skilled in **GitHub** pull request reviews and resolving live and production bugs for seamless performance.

SKILLS

- **Front-end:** React.js, JavaScript, HTML, CSS, Tailwind CSS, Material UI
- **Back-end:** Node.js, Express.js
- **Database:** MongoDB
- **Version Control:** GitHub
- **Others:** REST APIs, Responsive Web Design, Agile Development

EXPERIENCE

Software Developer - Augean Enterprise Solution Pvt. Ltd

September 2022 - Present

Full-Time

Mumbai, Maharashtra

- Developed and maintained key features such as transactions, reports, and dashboards for a textile industry web application.
- Collaborated closely with the back-end team to integrate APIs and ensure seamless functionality across the system.
- Regularly attended daily client and development meetings to align project goals, understand requirements, and provide updates.
- Participated in weekly deployments, handling critical tasks like fixing live and production bugs to ensure smooth operations and deployment.
- Worked with technologies like React.js and Redux for front-end development and used GitHub for collaboration, including code reviews and version control.
- Actively contributed to an Agile development process, ensuring timely delivery of features and quick resolution of issues.

PROJECTS

Task-Me (<https://task-manager-app-client-olive.vercel.app/>)

A full-stack project called Task Manager using React, Redux, Express.js, MongoDB, and Tailwind CSS. This application allows admins to manage and assign tasks to employees, track their progress, and modify tasks.

Key features include:

- **Admin Capabilities:** Add employees, provide login credentials, assign tasks, edit or delete tasks.
- **Employee Features:** Receive task notifications, view task details, update task timelines.
- **Real-time Management:** Admins can monitor task progress, while employees can manage their workflows efficiently.

Portfolio (<https://portfolio-woad-theta-84.vercel.app/>)

A portfolio project built using Reactjs, TailwindCss.

EDUCATION

B-Tech (Mechanical Engineer)

Nagarjuna Collage of Engineering and Management

Nagpur, Maharashtra

July 2018 - July 2021
